

About Our Program

RF-Lambda, a San Diego based tech manufacturer of high powered components for the military defense community is committed to supporting Gold Star Families.

At RF-Lambda we feel a connection to the military community and we feel a profound social responsibility to take care of our military families and invest in the children of the fallen.

Our programs are education focus and built on creating fun and engaging experiences to develop strong character, self confidence, passion and strength in knowledge.

RF-LAMBDA MEMORIAL SCHOLARSHIP IN HONOR OF LT COL MARIO "SUGAR BEAR" CARAZO

The loss of a parent can have a devastating impact on a family and we want to help surviving children create a path of success. The memorial scholarship was launched in honor of LT COL Mario "Sugar Bear" Carazo who advocated for the importance of education. We encourage high school and college students to apply. For more information please contact admin@thesugarbearfoundation.org

SCIENCE SATURDAYS

Science Saturday is a monthly series that features interactive exploration stations that are centered around a particular topic which are STEM focused. Surviving spouses and children of all ages are invited to attend. Its a great opportunity for families to learn together, spark curiosity and interest in many different topics.

INTERNSHIP & MENTORSHIP PROGRAM

RF-Lambda offers a summer internship and mentorship programs for high school and college age students. The program is designed to help students gain real world and hands on experience in a cutting edge research & development lab setting in the RF industry. Our interns gain personal mentoring in lab skills, presentation skills and professional network building. Open to surviving children in high school or college.
